Dear all,

Good day.

You are invited to join the **MUSHROOM SCIENCE VIRTUAL (MSV) 2023** for free. **MSV** is an annual event organized by the Malaysian Society for Biochemistry and Molecular Biology Special Interest Group (MSBMB-SIG): Mushroom Science.

MSV is a platform for scholars to discuss recent advances and future trends of Mushroom Science to advance their professional development. The Organising Committee welcomes the submission of original contributions for **ORAL** and **POSTER** presentations. e-Certificates will be issued to Oral and Poster Presenters thereafter.

We welcome your participation and look forward to seeing you in October!
